

Jananayak Chandrashekhar University, Ballia

Department of Sociology

Post graduate programmes

About the Department:

The department of Sociology started in June 2018. Teaching and research in Sociology was started in JNCU Ballia in the year 2018. This was superseded by two-year master programme in 2018. The department have one permanent Associate Professor and Two Assistant Professor (Guest Faculty). Department organised various programmes and guest lectures in a way to develop professional skills in the students. We are looking forward to organize many more programmes, workshops and lectures for enriching students' ability and enhancing department strengths to accommodate with new developments in society.

About the Programme:

Sociology is the most contemporary and versatile subject of the Social Sciences. It trains students to grasp social and diversified structure, understand social processes. It can map the dynamics of social change, decipher social interactions and make sense of individual and collective experience is in their social, historical and cultural context. Sociology is at once critical and constructive, conceptual and applied, theoretical and empirical.

It embodies best of enlightenment virtues, inculcate scientific reason, tolerance of diversity humanistic empathy. It is the celebration of Democratic and social ideals it is the science of our time. Sociology in India is more than 100 years old with rich entrenched, ongoing and involving scholarly legacies.

Vision:

The scholarly and institutional foundations of the sociology discipline were laid by eminent Sociologist, late Professor G S Ghurye in University of Mumbai. The department of Sociology, JNCU Ballia, believed to disseminate social, cultural, moral and secular values and trained students with these values as well trained with critical thinking about social phenomena and society. The department of Sociology, JNCU conceived as interdisciplinary and became a school of thought.

Mission:

The sociology department at Ballia recognised the importance of disseminating the findings of sociological research and train the next generation of sociologists and decided to introduce undergraduate courses in Sociology quite early on. Interdisciplinary has always been an article of faith for sociology under the auspices of Ballia University and it constantly endeavoured to introduce sub-disciplines and special areas of study in response. You may find how JNCU will find its legacy and this Legacy is lived and vision is equalized in the following pages that elucidate the learning outcome Framework for the under-graduate and post-graduate, Ph.D. curriculum for sociology at University JNCU.

Programme Objectives:

All the courses are designed to impart disciplinary fundamentals of sociology through a curated reading list that draws amply from the rich and diverse tradition of sociological writing - classical as well as contemporary, these courses also feature vibrant illustrative material in the form of case studies meant to make the concept and theories vivid. The learning process is engaging and illustrates the discipline in action of empirical investigations. The course is designed to draw micro initiatives across the syllabus to form complex inter-connections.

Program learning outcomes:

The postgraduate program in sociology is based on an axiom that a graduate is not more product of a system. On the contrary the graduate attributes are the most concrete manifestation of the spirit of the entire program. Its operationalisation through Institutions and collective and concerted efforts of all the stakeholders. Every other feature of the programme is fused into this. Qualification Descriptors and programme learning outcomes may not be described separately since they are innately inter-connected.

Teaching Learning Process:

Multiple pedagogic techniques are used in imparting the knowledge both within and outside the classrooms. Listed below are some such techniques.

- Lectures
- Tutorials
- PowerPoint presentations
- Project work
- Documentary films on relevant topics
- Debates, discussion, quiz
- Talks/ workshop
- Interaction with expert
- Outstation field trips – surveys designs.
- Internships

Assessment Methods: besides the formal system of university exams held at the end of each semester will as mid - semester and class test that are held regularly, the students are also assessed on the basis of the following;

- Written assignment
- Presentations
- Participation in class discussion
- Agility to think critically and creatively to solve problems.
- Reflexive thinking.
- Participation in exitance and co-curriculum activities.
- Critical assessment of Articles book, etc.

Career prospects for sociology post-Graduate-

Students with a P.G. Degree in Sociology have contributed immensely to the Following Field;

- Academics
- Bureaucracy
- NGOs and Development Sector
- Human resources Development.
- Research in contemporary issues of Gender, Development, Health.
- Rural and Urban studies etc.

Title:

The title of the programme shall be Masters in Sociology.

Affiliation:

The proposed programme shall be governed by the Department of Sociology, Jananayak Chandrashekhar University, Ballia, Uttar Pradesh.

Duration:

The total duration of the programme shall be of two years, spread over in four semesters.

Seats:

The total number of students to be admitted to the programme shall be 60. The programme will be conducted on regular basis.

Fee:

As per university law and guidelines

Minimum Eligibility for Admission:

As per University guidelines or a three -four-year bachelor's degree or equivalent in any stream discipline awarded by a University or institute established as per law and recognized as equivalent by this university with minimum 45% marks for general and OBC category and 40% marks for SC/ST and person with disability categories or equivalent grade, shall constitute the minimum requirements for admission to the masters in sociology programme.

- Reservation of seats for various categories shall be as per the Uttar Pradesh state government rules and regulations.

Admission procedure:

Admission procedure will take place according to the University norms (Jananayak Chandrashekhar University, Ballia) and guidelines in this regard.

Medium of instructions:

The medium of instructions will be English and Hindi.

Attendance:

As per university norms minimum 75% in theory papers and practical papers.

Structure of the programme:

The main purpose of the masters in sociology programme is to develop and disseminate knowledge skills and values through classroom teaching, field visit and research are necessary for promoting, maintaining and improving the functioning of individuals, groups and communities. The masters in sociology programme are comprised of –

Theory papers

| | SOC 405 | Project 4 | Major/practical | 100 (III and IV Sem) | 4 | |
| Total | | | | 500 | 24 | |

 

Note:

- Non-Faculty Students will choose any minor elective paper from first or second semester.
- Project work in each semester on the basis of continuous evaluation and monitoring under the supervision of a supervisor as nominated by the head of the department.
- There may be a co supervisor from any industry, social organization, or research institutes.
- These projects may be inter-disciplinary or multi-disciplinary, industrial training, internship, survey etc.
- First semester and second semester projects (project 1 and 2) will be evaluated jointly at the end of second semester by the supervisor and external examiner appointed by the university. Similarly, third semester and fourth semester projects (project 3 and 4) will be evaluated jointly at the end of second semester by the supervisor and external examiner appointed by the university.
- If a student publishes a research paper out of his research project in a UGC-CARE listed journal, he may be given up to 25 additional marks, provided the maximum marks of the project will remain 100. Marks of the projects will be converted into grades that will be incorporated in the final calculation of CGPA.
- Total credits = 100 (year 1 and 2)
- Total marks = 1900 (Semester 1+2+3+4)
- The final result of MA Sociology program will be declared on the basis of CGPA.

The Student of M.A. Sociology will be required to:

Write a critique of contemporary sociological knowledge, writings, projects and researches regarding one of the following areas: Sociological concepts and processes, social thought, social theory, social problems related to Indian society, social movements, issues of development special reference to Indian situation, globalization process, environmental sociology, methodology of social sciences, social statistics, application of computers in sociology and any other issues related society, nation and people.

M.A. SOCIOLOGY – 1st SEMESTER.

COURSE CODE- SOC 101

SOCIOLOGICAL CONCEPTS

M.A. SOCIOLOGY – 1st SEMESTER.

Name of course – BASIC SOCIOLOGICAL CONCEPTS

Course Objectives: -

- To make students enhance their conceptual understanding of society and other related aspects.
- To provide basic understanding of the concepts of sociology.
- To give insights of the society through sociological concept

M.A. IIⁿ d Semester

COURSE CODE- SOC 201

SOCIAL RESEARCH AND STATISTICS

Course Objectives:

- To acquire knowledge about social phenomenon, events, issue, etc in terms of research.
- To provide understanding of various perspective and methods used in social research.
- To equip students with the knowledge of research tool and research design for data collection and development of research.
- To enable students to undertake independent social research.
- To provide the knowledge of statistical tools for analysing their research topic and give accurate results.

Unit - 1 Social Research- research and Social Research: Meaning, characteristics and its importance, perspectives in social research, Objectivity and Subjectivity, Hypothesis, Methodology, methods and Techniques.

Unit - 2 Research Design and Type of Social Research- Research Design - Exploratory, Descriptive and Experimental, explanatory, Types of Research - Qualitative, Quantitative, applied, pure, deductive and inductive, Sampling and its types.

Unit - 3 Tools and Methods- - Survey, experiments Questionnaire, interview Schedule, Interview, Scaling, Observation, Life History, Case study, content Analysis.

Unit - 4 Statistical Analysis in Social Research- Variable and its types, Measures of central Tendency: Mean, Median and Mode Tests of correlations, regression analysis, Measures of Dispersion: Mean Deviation, Standard Deviation.

Course Learning Outcomes:

After going through this course students will understand the epistemology of research. Students can understand the basis of different theories and different disciplines, and the way that disciplines are defined by their methods. Students will be able to use different research methods in accordance with research topics and issues. The emphasis of this course on practical application of research and appreciation for the underlying logic and rational methods used for research.

Teaching methodology:

Chalk and talk, presentation and group discussion, practical and field based, interactive based discussion.

Assignments: students will submit assignment in their own words. The topics will be related with syllabus.

Essential Readings:
